Dear Fellow Laborer in Christ,

I have 2 plates, 3 rods and 22 screws of titanium in my body. 27 pieces of titanium in 3 limbs of my body to fix 11 breaks from a fatal industrial accident I was in. Yes, I said fatal, because October 2, 2002, when my body was pulled into a winder machine and wrapped up inside a roll of 24 grit canvas-backed sandpaper, I died. I saw heaven, met Jesus and when all hope was lost by human efforts, I was raised from the dead when Jesus spoke a word to me. I've had 6 surgeries, received 16 units of blood in one week, spent 17 days in the hospital, told I'd never play guitar again and given a long list of things I'd never do again but overcame everything by the all sufficient grace of God found in Jesus Christ.

I hope by now I have your attention. I know you're bombarded with many letters, pamphlets, advertisements and other offers from all manner of ministers wanting to preach and/or minister in your church. I want to simply say, I am a walking miracle with the proof to back it up. My name is Bret Sanor and I am an Ordained Minister in the Church of God, Cleveland, TN. I have been in ministry for 19 years. I have a home church that I served as youth pastor for the past 6 years. July 2017 I stepped away to focus on my true calling as an Evangelist. My home church has sent me forth as an Evangelist while committing to being a covering for me and my family while we minister outside of our home base. I have a burning passion inside of me to share my story with as many people as possible with the hope of Jesus Christ.

As a teen, I suffered with severe depression. I tried every doctor and medication you could imagine and most of the time, felt more like a lab rat than a patient. Nothing could fix my situation and later I became demon-possessed. Then I met a girl who invited me to church and I began to attend regularly. One night she prayed and cast those demons out of me and I was free but I didn't fill the void with Jesus. Later I reached a breaking point and one night tried to commit suicide by gun. That girl felt a burden to pray for me that night and God intervened by stopping my gun from firing twice. Then He spoke to me and everything changed. I was set free and accepted Jesus Christ as my Lord and Savior and since September 20-21, 1998 over the midnight hour I have been free and never looked back. I have no need for medication or doctors because I am no longer depressed, I'm just free! The girl who was so vital in my life and responsible for my relationship with Jesus is now my wife, Kelly. I'm a blessed man!

Jesus is still the healer, the deliverer, the savior and the answer to all of life's problems today just as much as in the days He walked the earth! I am living proof of His power at work in these days. He has not ceased to move and minister to His people any more than He has ceased to desire to see sinners saved. There is much more to my story and I would like you to prayerfully consider giving me the opportunity to come to your church to share with the congregation the miracle working power of God. If you would like more information about me and my ministry, you can visit my website at www.bretsanor.com where there is information and samples of my preaching, my book, music and bio. I pray this blesses you tremendously and builds your faith in Christ. I look forward to hearing from you.

Sincerely,

~Bret Sanor - Evangelist
